Niamh - 8 Year Old Beginner
"I love my piano lessons with my teacher Persephone. She shows me how to sing my favourite songs, we sing together and we sound really good. My lessons are really fun I especially like all the warm up games we play because they are really fun and it helps to warm up my voice and be ready for the lesson. Persephone has also started teaching me piano to go with my singing so we can write and record songs together."
