

Pupil Voice – Safer Internet Day 2026

Theme: Understanding Artificial Intelligence (AI)

How AI helps, how AI can mislead, and how to use it responsibly.

EYFS

“Robots can help us but they can’t decide everything.”

“We learned not everything online is real.”

KS1

“We saw pictures that looked real but were not - AI made them!”

“You must check with an adult.”

LKS2

“We learned how AI learns from data - and why we shouldn’t give it personal information.”

“Some things AI makes look real, but they aren’t.”

UKS2

“We talked about deepfakes, scams and misinformation.”

“Just because something looks real doesn’t mean it is - that was the big lesson.”

Summary – 2026

Children developed crucial AI literacy, learning to question, investigate and evaluate digital content. Pupils left understanding both the power and the risks of AI - and how to stay safe, smart and in control online.
