

## Leavers' Service – July 2024

The Leavers' Service 2024 was a celebratory and reflective occasion, marking the end of Year 6 pupils' primary journey and recognising their growth, achievements and readiness for the next stage of their education. The service centred on the theme of light, purpose and courage, encouraging pupils to recognise their own strengths and the positive impact they can have on the world.

Year 6 pupils took an active role throughout the service, sharing reflections, poems and presentations that captured their experiences and memories of school life. Musical contributions, including *City on a Hill* and *This Little Light of Mine*, reinforced messages of hope, confidence and responsibility. The school choir provided a varied medley of songs, creating a joyful and uplifting atmosphere.

A key moment of the service was the presentation of Bibles, affirming the school's Christian vision and offering pupils a meaningful symbol as they move forward. Prayers led by younger pupils highlighted the sense of community and continuity within the school, reinforcing shared values of gratitude, resilience and service.
