

Leavers' Service – July 2025

The Leavers' Service 2025 focused strongly on themes of friendship, growth and gratitude, celebrating the relationships built during pupils' time at school and the memories they take with them. The service created space for both joy and reflection as pupils prepared to say goodbye.

Children from across the school contributed through photographs, reflections, songs and music, ensuring the service reflected the shared life of the school community. Class contributions included artwork, presentations and spoken reflections, while musical performances ranged from contemporary songs to hymns, supporting emotional connection and celebration.

Year 6 pupils played a central role, sharing their thoughts and receiving Bibles as a symbol of encouragement and guidance for the future. The service concluded with shared prayer and moments of stillness, reinforcing the importance of kindness, harmony and trust as pupils move on.
