

Sports Enrichment Week 2022

This week marked our annual Sports Enrichment Week, and what a fantastic week it has been! Pupils took part in a wide range of physical activities, including maypole dancing, basketball, archery, and cricket, all designed to promote fitness, enjoyment, and confidence. Alongside the sporting elements, we made strong links with PSHE, focusing on achievements, personal strengths, resilience, and teamwork. The week not only broadened pupils' practical skills but also contributed significantly to their personal development and wellbeing.

Sports Day – Wednesday

The highlight of the week was our whole-school Sports Day, held on Wednesday. Despite the excitement and anticipation, pupils demonstrated exemplary behaviour, sportsmanship, and determination throughout the event.

Pupil Participation and Achievements

All children took part with enthusiasm, showing excellent teamwork and perseverance during each activity. It was particularly joyful to see Hedgehog Class taking part and managing two races, demonstrating courage, energy, and a wonderful sense of inclusion.

Pupils cheered for one another, encouraged their teammates, and celebrated each other's efforts - showcasing the strong sense of community that sits at the heart of our school.

House Competition

Sports Day culminated in the announcement of our winning house. A huge congratulations to Jerusalem, who were the overall champions of Sports Day 2022!

However, it must be said that the competition was extremely close, with only a few points separating all four houses - a testament to the effort and commitment shown by every pupil across the school.

A Wonderful Celebration of Sport and Community

Sports Day 2022 was a superb demonstration of the school's commitment to offering high-quality enrichment opportunities that develop physical skills, resilience, teamwork, and positive attitudes. The children represented the school beautifully and should be incredibly proud of their achievements.

It truly was a week filled with energy, celebration, and shared success.
