

## **A Fantastic Pupil-Led Initiative**

### **Author's Chair**

We are especially proud of Devon and Laila-Beth, two pupils in Year 5, who recently created their own Young Enterprise initiative. Showing impressive independence, motivation and teamwork, the girls planned and ran a stall at the school gates after school over several weeks in the lead-up to Easter.

They were responsible for:

- Developing their idea
- Organising materials and managing money
- Communicating confidently with customers
- Demonstrating commitment and perseverance

Their enthusiasm and professionalism were a credit to them throughout the project.

### **Real Impact, Real Outcome**

Thanks to their hard work and the generous support of families and the wider school community, Devon and Laila-Beth raised enough money to purchase an authors' chair for the school.

We are delighted to share that the chair has now been built and is ready to be installed, creating a lasting legacy from their enterprise project. This tangible outcome powerfully reinforces the message that children's ideas and efforts can make a real difference.

### **Proud Moment for Our School Community**

We are incredibly proud of Devon and Laila-Beth for their commitment, confidence and creativity. Their project is a wonderful example of:

- Pupil leadership and independence
- Applying learning in meaningful contexts
- Developing financial and entrepreneurial understanding
- Contributing positively to the life of the school

We would also like to thank everyone who supported their stall and helped make this initiative such a success.
